# The House Rules: Dos and Don'ts

At Maunsel House, we offer unparalleled freedom, but we do have a few simple guidelines to ensure the house and its beautiful grounds are preserved for generations to come.

## The Dos

- **Do** embrace the exclusivity and treat Maunsel House as your private home for the duration of your stay.
- **Do** use our extensive preferred supplier list, as they are familiar with the house and its requirements.
- **Do** plan to visit the house with your vendors (caterers, florists, etc.) before your wedding day to ensure seamless coordination.
- **Do** assign a point of contact for your departure to ensure all personal items are collected and rooms are vacated by the agreed time.

## The Don'ts

- **Don't** use self-sourced catering without prior, explicit written agreement. All food and beverage must be managed or approved by the Maunsel House team.
- **Don't** attach decorations to any wallpaper, woodwork, or historic features using tape, pins, or staples. Use freestanding arrangements or contact the coordinator for approved hanging methods.
- **Don't** use confetti. We welcome natural rose petals outside, but strictly no paper, foil, or synthetic confetti indoors or outdoors.
- **Don't** allow candles or open flames inside the venue without being enclosed in a suitable glass lantern or approved container.
